

Rest In Peace – Coppernicus **(August 31st, 2004 – May 27th, 2013)**

On May 27th we had to say an unexpected farewell to our beautiful friend Coppernicus, whom we miss dearly and will love forever. Thank-you goes out to Dr. Ahmed Abousamra of the Emergency Clinic for his honesty, professionalism, care and consideration during a heart-breaking diagnosis. We are indebted to Dave Lorenz, owner of Atim Creek Pet Crematory for his profound kindness, understanding and compassion in helping us through our shock and grief. We wholeheartedly recommend his services for pets, to anyone saying farewell to a special friend – see www.petcrem.net

We love you Copper, thank you for being you and for all the memories!

Furever & Always . . . Tony, Shaunna and Coby
